Thursday 6th June 2019

Dear Parents/Carers,

Kendal Pollinators Project

I am delighted to inform you that our class will continue to be part of the Kendal Pollinators Project. We have our final two sessions to complete in the forthcoming weeks.

Once again, the project requires the children to complete two different surveys; one for the plants and one for the insects found in these areas. Surveys were completed before we planted the bulbs and again last year, so a comparison will be made afterwards.

We will be completing the plant survey on Tuesday 18th June and the insect survey on Tuesday 25th June. We will walk down to the canal path to carry out the tasks, leaving school just after lunch, returning at approximately 3pm.

Your child will need to make sure they have a waterproof coat and shoes suitable for walking to the site and walking around on the grass (training shoes would be ideal). Please make sure they also have sunscreen already on, or in their bags available to use, in case the weather is very sunny. They might also like to take a non-fizzy drink in a re-sealable, plastic bottle.

Yours sincerely,

Leanne Shaw

Class teacher
